# Anton Webb Full Stack Developer

---

## OVERVIEW

I am a proactive & bilingual full-stack developer with a passion for cutting-edge front and back end technologies. I am skilled in languages such as HTML, CSS, JavaScript, PHP & Java, and am constantly learning new ones (such as React Native) as well as perfecting what I already know. I recently graduated from Mayden Academy, a Bath-based software bootcamp, and am now seeking a full-stack position to work and be part of a great team.

## EDUCATION

### **Mayden Academy, Bath** — *Full Stack Track*

August 2019 - December 2019

Course highlights: HTML, CSS & Sass, JavaScript & TypeScript, PHP, Express, Bootstrap, Gulp, Babel, MongoDB, MySQL, OOP, ReactJS, NodeJS, Agile Team, Scrum Master Certification.

## PROJECTS

### **Cascade** — *Android To-Do App*

- An Android app made in Java & XML with the Android Studio IDE.
- Uses Firebase for easy authentication as well as cloud-based task and reminders storage.
- Download it at [bit.ly/cascadego](https://bit.ly/cascadego)

### **SynergyOS** — *Browser-based OS*

- An OS built completely in React.
- Contains multiple apps, resizable & closeable windows, a theme selector, and more.
- Try it at <https://synergyos.now.sh>

### **Bread & Ifits** — *PHP Recipe Finder*

- Fetches recipes from an API using a list of user-selected ingredients with PHP.
- The page is styled with Bootstrap & Sass.
- Try it at [bit.ly/awbread](https://bit.ly/awbread)

## WORK EXPERIENCE

### **ZigZag Education, Bristol** — *French Translator*

Summer 2018 and 2019

- Recorded French GCSE and A-Level material to be used by exam boards such as EDEXCEL and AQA in official school exams.
- I was accepted due to my ability to speak fluent French, having lived there for 10 years.

### **TESCO, Bath** — *Store Assistant*

March 2020 - present

- Worked at Tesco during the Covid-19 pandemic in order to help out with the sudden demand.
- Gained invaluable teamwork & customer experience .
